

Butte County Library Obituary/Newspaper Article Request

The Butte County Library subscribes to the Chico Enterprise-Record, the Oroville Mercury-Register, the Paradise Post, the Gridley Herald, and the Chico News & Review. Print copies of newspapers are kept for 6 months, after which they can be viewed on microfilm. Butte County Library also maintains microfilm collections of historic Butte County Newspapers back to 1854. Online vital records indexes for 1854-1897 are available online at www.buttecounty.net/Library/Online%20Resources/Genealogy.aspx.

Microfilm is available through interlibrary loan -- please contact your local public library if you wish to borrow an entire reel. You may also request a search of the microfilm directly from Butte County Library, in which case a photocopy of a specific article will be mailed to you.

To request a microfilm search, please fill out this form and mail it to the appropriate address below. Please include a self-addressed stamped envelope with all requests. A voluntary donation to the Butte County Library would be appreciated to offset the costs of microfilm subscriptions and machine maintenance.
